

BNP Preferred Practitioner Pricing Comparison

You can become a Preferred Practitioner to receive access to the wholesale pricing and be able to make money off your patient's purchases. To get set up as a Preferred Practitioner, we just need on file a signed practitioner agreement, a completed W9 and payment information .

After we receive those, we will get you set up in Slack and create your unique discount codes. In the pricing grid below, you can see cost options per program and per coupon used.
